## What will be visited

Take a delightful walking tour of the Roma and Condesa - the trendiest neighborhoods of Mexico City- through their architecture, history, design, and fashion shops. **Taste local & gourmet dishes** and refresh yourself with a **delicious signature drink** in an exceptional place at the end.

**Delve into the history** of these two iconic neighborhoods while occasionally visiting an **art gallery** and some **original homes from the early 1900s**, now transformed into other spaces, to experience their interior architecture.

Learn about aspects of the history of these neighborhoods, such as the **1985 earthquake**, and how both have flourished in the last twenty years, transforming into what they are today.

You will visit the main streets and squares of both neighborhoods, full of **Art Nouveau and Art Deco architecture**, observing photos from the 1900s and 1920s of these places to **contrast their changes** and evolution over time.
